Distribution of Biosystems Generic Software:

32-bit New:	Biosystems generic software is included with all new PosiChek
Upgrades 16-bit (unlicensed) to 32-bit (licensed)	Biosystems offers upgrades for a charge.
Upgrades: 32-bit (licensed) to 32-bit (licensed)	Currently there is no charge for 32-bit to 32-bit upgrades. Upgrades may be downloaded from www.posichek.com
Demo:	Demo versions of all software for the PosiChek are available at no charge from www.posichek.com . Demo software may be used for a period of 20 days. All data collected while the software is unlicensed will be flagged as not valid.

Distribution of Manufacturer's Specific Software.

32-bit New:	Biosystems does not ordinarily distribute manufacturer's specific software. Generally that software requires special hardware that we cannot supply and that software should only be distributed to authorized service centers of the respective manufactures. With the permission from any of the manufactures Biosystems will sell their version of software, however, necessary hardware must be purchased separately and directly from the manufacturer.
Upgrades 16-bit (licensed) to 32-bit (licensed)	Biosystems will sell an upgrade provided that the customer submits a printout from the existing licensed software. The 32-bit upgrade will be sold with the exact same license information.
Upgrades 16-bit (unlicensed) to 32-bit (licensed)	Biosystems will sell an upgrade provided that the customer submits proof of being an authorized service center for the respective manufacturer. Proof may be a copy of the service centers plaque or service center agreement, along with a copy of the printout of the existing 16-bit software by that manufacturer. Proof may also be given in the form of a letter from the respective manufacturer authorizing Biosystems to upgrade their software.
Upgrades: 32-bit (licensed) to 32-bit (licensed)	Currently there is no charge for 32-bit to 32-bit upgrades. Upgrades may be downloaded from www.posichek.com
Demo:	Demo versions of all software for the PosiChek are available at no charge from www.posichek.com . Demo software may be used for a period of 20 days. All data collected while the software is unlicensed will be flagged as not valid.
